

## Diagnostic cap, oil inspection glass

Part number: 200 852 000

for outside installation

### NOTICE

### Validity of this document

This document is only valid in combination with the operating instructions for the relevant electronic drive technology and under strict compliance with the safety and warning instructions which they contain. Safe commissioning of this module and the electronic drive technology depends on the availability of this information.

### Scope of supply

1 x	Diagnostic cap, oil inspection glass	M20 x 1.5 Aluminium / Glass
-----	--------------------------------------	--------------------------------

device	SK 1x5E	SK 1x0E	SK 2xxE
Required number	2	1	3

### Field of use

The oil inspection glass is UV-resistant. It replaces the standard transparent plastic fittings on frequency inverters or motor starters if it is intended to install these devices outdoors (outdoor installation).

The tightening torque is 2.5 Nm.
